Executive Summary

I. Introduction

The City of Yorba Linda is required under State law to have a legally adequate General Plan (Govt. Code Section 65300 et seq.), which provides the foundation for continued enhancement of Yorba Linda while also addressing the challenges presented by growth in the community and neighboring cities. As part of its General Plan, the City must include the following seven elements: 1) Land Use; 2) Circulation; 3) Housing; 4) Conservation; 5) Open Space; 6) Noise; and 7) Safety (Govt. Code Sections 65301(c) & 65302). The City's General Plan also includes several optional elements: Economic Development Element, Historic Resources Element, Recreation Element (included in the Open Space Element), Public Services and Utilities Element, and Growth Management Element.

State law further requires that the City provide an annual progress report to the City Council, the Governor's Office of Planning and Research (OPR) and the State Housing and Community Development Department (HCD) (Govt. Code Section 65400(a)(2)). The purpose of the report is to provide the City Council and the state agencies with information on 1) progress towards implementing the General Plan in accordance with adopted goals, policies, and action items; 2) progress towards meeting the City's regional housing needs requirements; and, 3) the degree to which the General Plan complies with State law. It is for the purposes of meeting these requirements that this document has been prepared and submitted.

Additionally, State law requires that once the City has adopted a General Plan, the City must provide an annual report for the City Council, the Governor's Office of Planning and Research, and the State Department of Housing and Community Development by April 1 which includes the following:

- 1) The status of the General Plan and progress in its implementation;
- 2) The progress in meeting the City's share of regional housing needs and local efforts to remove governmental constraints to the maintenance, improvement, and development of housing; and
- 3) The degree to which the General Plan complies with the guidelines developed and adopted under State law and the date of the last revision to the General Plan.

II. General Plan Adoption

The City of Yorba Linda incorporated on November 2, 1967. On November 1, 2016, the City Council adopted a comprehensive General Plan Amendment to all elements of the General Plan with the exception of the Housing Element, which was adopted on October 4, 2011, and the Historic Resources Element, which was adopted on September 18, 2012, under separate General Plan Amendments. The previous

comprehensive General Plan update had been approved by the City Council on December 3, 1993.

The General Plan represents an important opportunity for the City to chart its future and to retain the natural and aesthetic qualities of the community. The General Plan provides the foundation for continued enhancement of Yorba Linda while also addressing the challenges presented by growth in unincorporated Orange County areas and neighboring cities.

According to State law, the General Plan is the primary document the City utilizes to regulate land use. The General Plan addresses many issues that are directly related to and influence land use decisions. In addition to land use, State law requires the General Plan to address circulation, housing, conservation of natural resources, preservation of open space, the noise environment, and public safety (Govt. Code Section 65302). These issues are discussed in the General Plan to the extent that they apply to Yorba Linda. The General Plan contains goals, policies, and plans that are intended to guide land use and development decisions in the future.

III. Housing Element Activity

Oakcrest Terrace

In 2016, the Oakcrest Terrace multi-family rental project was completed. This project consisted of the construction of 69 total units. Of those 69 units, 54 were in the very low income category, 14 were in the low income category and one unit was in the above moderate category.

Oakcrest Heights

In 2018, the Oakcrest Heights multi-family rental project was completed. This project consisted of the construction of 54 total units. Of those 54 units, 45 were in the very low income category, eight were in the low income category and one unit was in the above moderate category.

<u>Altrudy</u>

In 2019, the Planning Commission approved the Altrudy project, which consists of 48 affordable housing units within the low and very low income categories. In 2021, construction began on these units.

Town Center Historic Façade Improvement Program Develop a historic façade improvement program for commercial properties in the Town Center that provides technical guidance, design assistance, and illustrated examples of successful storefront rehabilitation, restoration, and reuse.

Action Taken: The City implemented a façade improvement program in 2011 and provided funding for two projects; however, the program was dissolved when redevelopment agencies were eliminated. Implementation of this program has been placed on hold. However, staff continues to work with property owners in historic downtown area to maintain the historic nature of this area.

Time Frame:

Begin implementation by 2017

Town Center Image-Making Program

Coordinate with public and private parties to develop an imagemaking program for the Town Center that incorporates historic/ architectural character.

Action Taken: The Town Center is nearly completed with only a handful of properties still in need of redevelopment; however, each of these properties have been entitled for redevelopment. Clyde's Hot Chicken is moving forward with construction of a new restaurant pad on the site located west of the parking garage. The Sioson property (located south of Regal Cinemas) was approved for a new multi-story retail building; however, due to the COVID-19 pandemic, the property owner requested a time extension for their entitlement approval. Finally, the former Pancake House was approved to be redesigned into a restaurant; however, the property owner is now considering alternatives for the site.

Time Frame:

Ongoing

Improve Town Center as Historic Commercial Core

Participate in and support the efforts of existing civic organizations and business groups to bolster Town Center's image as a historic commercial core.

Action Taken: The City continues to cooperate with and support key stakeholders to improve the Town Center's image as a historic commercial core. Furthermore, the City has adopted the Town Center Specific Plan, which incorporates historic architectural guidelines for development/redevelopment within the Town Center.
