Yorba Linda, CA 92886

ATTN: City of Yorba Linda, Building Department

We are writing to request demolition approval regarding the SFD that currently exists at 17591 Buena Vista Avenue in the city of Yorba Linda. We are the legal owners of this home and are in the process of submitting our remodel/addition plans in conjunction with the demo permit application. The current structure is a single story, single family dwelling/residence, and does not have any historical significance. Additionally, the approximate disturbed land is 1,600 square feet in total.

Please let us know if anything else is needed in order to move this request forward.

Sincerely,
