P.C. OFFICE AND INDUSTRIAL PARK ZONE

FILE

SECTION 1 - PURPOSES

For Sawi Ranch

The purpose of the P.C., Office and Industrial Park Zone is to accommodate the introduction of various office, commercial, and industrial and open space uses into a single comprehensive development. The Office and Industrial Park Zone will facilitate the integration of these uses in a manner which creates a functional and aesthetically pleasing employment complex. Four land use categories constitute this zone in accordance with the following purposes (refer to attached map for location of land use areas):

- A. Office and Commercial - this area is intended as a location for uses of an office or primarily retail commercial function. The area will accommodate multi-story office buildings as well as retail commercial uses serving a clientele located outside as well as within the Office and Industrial Park Zone.
- B. Support Commercial - this area is intended as a location for low intensity commercial, office, or recreational uses. Topographic considerations such as significant slopes and land area preclude high intensity development yet offer opportunities for low intensity uses having good visibility from the Riverside Freeway.
- C. Industrial/Research and Development - this area is intended as a location for high technology industries primarily in fields of electronics, instruments, and machinery which are labor-intensive, growth oriented, and environmentally clean, as well as related and complimentary light industrial and service commercial uses.
- D. Open Space Preserve - this area is intended for passive and active open space uses. It is intended that this area will serve as an open space link between Yorba and Featherly Regional Park, as well as an area for the recreational uses ancillary to the employment complex. This area is coterminus with the City of Yorba Linda zoning.
